Infant/Toddler April Song List

The Flower

The Flower (to the tune of farmer in the dell)
The flower has some roots, the flower has some roots.
The roots will carry food and drink, the flower has some roots.

The flower has a stem, the flower has a stem.
The stem will make it stand up tall, the flower has a stem.

The flower has some leaves, the flower has some leaves.
The leaves will catch the rain and sun, the flower has some leaves.

The flower has some petals, the flower has some petals.
The petals call the birds and bees, the flower has some petals.

Rain; Rain Go Away

Rain, rain go away come again another day.
Little _____ (name)
wants to play. Rain, rain go away.

Litter (tune: If Your Happy and You Know It)

If you see a piece of litter pick it up (Yell - PICK IT UP!)
If you see a piece of litter pick it up (PICK IT UP!)
You will make the world look better if you pick up all the litter
If you see a piece of litter pick it up (PICK IT UP)

Water

Water's what we bathe in, water's what we drink
Water keeps plants alive, with out fish it would sink
Water comes from rivers, water comes from rain
And every drop that's wasted is just water down the drain

The Rain

Pitter-patter (wiggle fingers to imitate rain falling)
Falling from the sky
Here is my umbrella (hands over head)
To keep me safe and dry
When the rain is over
And the sun begins to glow (make a large circle with arms)
Little flowers start to bud (cup 2 hands together)
And grow and grow and grow (spread hands apart slowly)
